

	<p>Bacteria</p> <p>Diet: I eat dead plants and animals.</p> 
<p>Anchovy</p> <p>Diet: I eat zooplankton.</p> 	<p>Shark</p> <p>Diet: I eat dolphin and tuna.</p> 
<p>Seabird</p> <p>Diet: I eat anchovies, flying fish, salmon, and zooplankton.</p> 	<p>Phytoplankton</p> <p>Diet: I make my own food by photosynthesis.</p> 
<p>Zooplankton</p> <p>Diet: I eat phytoplankton.</p> 	<p>Dolphin</p> <p>Diet: I eat flying fish and anchovies.</p> 
<p>Tuna</p> <p>Diet: I eat anchovies.</p> 	<p>Salmon</p> <p>Diet: I eat anchovies.</p> 
<p>Killer Whale</p> <p>Diet: I eat dolphin and tuna.</p> 	<p>Flying Fish</p> <p>Diet: I eat zooplankton.</p> 

Make An Ocean Food Web

Cut out the boxes and read the diets of the organisms. Make several food chains then combine them into a food web.
